## MR. B. C. BECKWITH.

In speaking of the excellent work of CHAIRMAN SMITH the CHRONICLE inadvertently failed to pay the meed of praise due to Mr. B. C. Beckwith, the efficient Secretary of the State Democratic Executive Committee. Mr. Beckwith gave three months of valuable work and contributed in large measure to the victory we have won. It is no small thing to give the entire time of three months to campaign work. This Mr. Beckwith did, and he added his enthusiastic and efficient labors.

## CHAIRMAN W. R. WOMBLE.

The CHRONICLE, in speaking of the labors of those who were conspicuous in the fight believes that every Democrat in the county owes a debt of gratitude to Mr. Walter R. Womble, chairman of the Wake Democratic Executive Committee. Quietly, firmly and wisely he managed it and in the general rejoicing must receive the largest meed of praise for his unselfish work.

The flag for the banner Democratic county is only given in Presidential years and Mecklenburg will have to keep up its back for two years from now if it takes the banner away from Catawba. It promises to be a "nip and tuck" race.

## BEARS DEFEAT GRACEFULLY.

The Greensboro North State, Republican, sets a good example to defeated Republicans. We make a few extracts: We have met the enemy, and we are theirs.

Our chicken is rather too small to crow this season.

That old Democratic goose proved to be too tough; we didn't cook it.

The siren voice of the candidate is no longer heard in the land.

The Republicans wear round faces, notwithstanding the bad luck which has befallen them. The truth is a man with a good conscience feels well, under all circumstances.

## A DIALOGUE.

(From the Buffalo Courier.)

Workingman—I can't find out that this McKinley tariff has raised wages.

Republican Machine Politician—There you are mistaken. In New Jersey there is a factory which makes pearl buttons.

The McKinley bill increased the duty on pearl buttons over four hundred per cent, and because of this the manufacturer has increased the wages of the men fifteen per cent. Think of that. Isn't that splendid?

Workingman—But I have to pay more for clothes, medicines, beds, tin utensils, beer and almost everything else.

Machine Politician—But there is in New Jersey a factory which makes pearl buttons, where wages—

Workingman—But if my wages are not raised where am I to get the money to meet the advance in the cost of what my family must have this winter?

Machine Politician—As I said, there is in New Jersey—

Workingman—Look here, tell me about my own wages and where the money is to come from.

Machine Politician—The pearl button

Workingman—I cannot eat, wear or drink pearl buttons. Why not answer my question?

Machine Politician—In New Jersey—

The workingman is tired and goes home.

Excitement often causes nervous troubles. Royal Germantown always quiets the nervous and regulates the entire system. Try it.

\$250 A FRONT FOOT.

That is what Land Sold for in Durham.

(Durham Sun.)

How is that for Durham dirt? That is the figure that the corner lot, sold to the First National Bank, brought.

Two hundred and fifty dollars a front foot for a lot in Durham! How much is that an inch? But there is a sermon in these figures. Durham has as substantial and as steady a "go-forward" as any town you can name. Her stability is an unfolding every day. There is no "blow" about this fact.

If every one will only put in their best efforts for Durham from now on, the near future will show you right here where we now live, a typical metropolis.

A Sad Occurrence.

(Maxton Union.)

Mr. James Lytle, a prominent citizen of Richmond county, and inventor of the Eclipse Cotton Planter, was accidentally killed last Thursday at Mr. Joel Parish's mill on Little Pee Dee, just across the line in South Carolina. He and a Mr. Graham were crossing on the dam in a buggy and the horse began to shy, when Mr. Graham jumped out to lead it across, but he had not reached the ground before the horse suddenly backed, throwing Mr. Lytle and buggy into the water and himself on top. Mr. Lytle only lived a few hours. The horse was badly injured also.

## THE NEXT CONGRESS.

THE DEMOCRATS WILL HAVE 145 MAJORITY IN THE HOUSE.

The Membership by States Shows the Extent of the Democratic Cyclone That Swept the Country on Tuesday.

(By United Press.)

WASHINGTON, Nov. 7.—The latest returns received here by the United Press point to a Democratic majority of at least 145 in the next House of Representatives. Below is given the complexion of each State delegation as corrected by the latest reports:

STATES.	DEM.	REP.
Alabama	8	—
Arkansas	5	—
California	—	6
Colorado	—	1
Connecticut	3	1
Delaware	1	—
Florida	2	—
Georgia	10	—
Idaho	—	1
Illinois	13	7
Indiana	11	2
Iowa	6	5
Kansas	5	2
Kentucky	10	1
Louisiana	6	—
Maine	—	4
Maryland	6	—
Massachusetts	7	5
Michigan	8	3
Minnesota	4	1
Mississippi	17	—
Missouri	14	—
Montana	1	—
Nebraska	3	—
Nevada	—	1
New Hampshire	2	—
New Jersey	5	2
New York	22	12
North Carolina	8	1
North Dakota	—	1
Ohio	14	7
Oregon	—	1
Pennsylvania	11	17
Rhode Island	1	—
South Carolina	6	—
South Dakota	—	2
Tennessee	8	2
Texas	11	—
Vermont	—	2
Virginia	10	—
Washington	4	1
West Virginia	—	3
Wisconsin	6	—
Wyoming	—	1
Total	238	93

Whole number of members, 332.

In Rhode Island there was no choice in one district, and another election will be held.

Solid Democratic delegations are elected in Alabama, Arkansas, Florida, Georgia, Louisiana, Maryland, Mississippi, Missouri, and Texas. Virginia elects nine Democratic Congressmen, and probably ten, which would make her delegation solidly Democratic.

Ten Farmers' Alliance candidates are elected: One Republican-Alliance member in Alabama; five Democratic-Alliance members in Kansas; three Democratic-Alliance-men in Nebraska; and one Democratic-Alliance-man in Minnesota.

With the exception of the California member, the Alliance-men are Democrats; but five in Kansas, one in Minnesota and two in Nebraska were elected over both Democratic and Republican competitors. According to this list the Democrats have made the following gains in different States:

Connecticut 2, Indiana 1, Iowa 1, Kansas 5, Kentucky 1, Louisiana 1, Maryland 3, Massachusetts 5, Michigan 6, Minnesota 4, Missouri 5, New Hampshire 2, New Jersey 1, New York 7, North Carolina 1, Ohio 9, Pennsylvania 4, Rhode Island 1, Tennessee 1, West Virginia 2, Wisconsin 4, and in Virginia 3 and probably 4.

The defeat of two Republican United States Senators seemed to be assured. Mr. Evans in New York, and Mr. Ingalls in Kansas, and it is probable that in Illinois Mr. Farwell, Republican, will be succeeded by John M. Palmer, Democrat. In West Virginia, the Democrats will have a majority of 20 on joint ballot against one majority in the last legislature.

In Colorado the Republicans elected the Governor and Congressman. The Republicans have the legislature.

Michigan is Democratic by 6,000 to 15,000 plurality, and the Democrats have the legislature.

In Nebraska, Boyd, the Democratic candidate for Governor, was elected by 4,000 to 5,000 plurality. The Farmers' Alliance have the legislature, two Congressmen and most of the county officers.

The Republicans of California elected their State ticket, five of six Congressmen, will control the legislature, which elects a United States Senator, one Republican Alliance Congressman also elected.

North Dakota elected a Republican Governor, legislature and Congressmen. Oklahoma Territory went Republican.

Harvey, Republican, for delegate to Congress is elected by 1,875 plurality.

Latest returns from South Dakota show that the result is an Alliance victory and that Loucks has been elected Governor. The legislature will also be Alliance, thus insuring the defeat of Senator Moody.

Wilson, of Kentucky, Cheatham, of North Carolina, Miller, of South Carolina, and Taylor and Houk, of Tennessee, are probably the only Republican Congressmen elected in Southern States.

FROM KANSAS.

The Foul Mouthed, Incendiary Ingalls Surely Defeated For The U. S. Senate.

(By United Press.)

TOPEKA, KAN., Nov. 7.—The legislature is now apparently against the reelection of Senator Ingalls by 15 votes at least, and possibly 24.

## REVIEW OF TRADE.

Business Large Beyond Precedent—Foreign Traffic Surpasses All Past Months.

(By United Press.)

NEW YORK, Nov. 7.—R. G. Dun & Co's weekly review of trade will say:

The volume of business, both domestic and foreign, continues large beyond precedent, and in character prosperous, but there is serious depression in the stock market and other speculative markets are generally lower. The reports from all parts of the country show that business is large and healthy. Foreign trade in October will surpass that of any other month in the history of the country, for exports from New York show a gain of \$9,000,000, indicating an aggregate of more than \$105,000,000 for the country, and imports also show an increase of about \$9,000,000, indicating an aggregate scarcely in excess if at all, of any month.

Business failures during the last seven days number, for the United States, 182, and for Canada 33; total 214, as compared with 218 last week. For the corresponding week of last year the figures were 267, representing 238 in the United States and 29 in Canada.

Three Hundred Men Killed By An Explosion.

(By United Press.)

SHANGHAI, CHINA, Nov. 7.—At Tai Ping Fu, where are located the government mills for the manufacture of powder, a fearful accident has occurred. While workmen were engaged at their various occupations about the mills, an explosion took place which completely destroyed the buildings and killed 300 men, besides wounding many others. The cause of the explosion has not yet been ascertained.

FIRE IN A HOTEL.

A Panic Among the Guests—One Makes a Fatal Jump and Two are Fatally Burned.

(By United Press.)

OWENSBORO, KY., Nov. 7.—A fire started at about midnight last night in the basement of the Radd House which was totally destroyed. The fire then rapidly spread to the Messenger newspaper and job office, the Commerce Bank and several other buildings, all of which were destroyed.

Guests of the hotel were aroused by the cry of fire. They rushed to and fro, trying to escape from the building. Charles Sanford of New Albany, Ind., was fatally injured by jumping from the fourth story to the pavement below. Chas. Carsey, of Detroit, Michigan, Chas. Liebricht, of Philadelphia, were frightfully burned and both will die.

DEMOCRATS CELEBRATING.

(By United Press.)

WASHINGTON, D. C., Nov. 7.—The Democrats of the District of Columbia to-night celebrated their victory by firing a salute back of the White House grounds. Fifty-two rounds were fired in honor of the Democrats carrying the Fifty-second Congress by an overwhelming majority.

H. HENRY'S MINSTRELS.

The Splendid Entertainment Given in Raleigh Last Night.

H. Henry's Minstrel Company arrived here yesterday morning in their magnificent and luxurious special car. It is the handsomest and best appointed car that goes over the rail. Its furnishings and upholsterings are sumptuous and beautiful. It has every possible convenience and is the home of the members of the company. They eat and sleep in it. It is thoroughly equipped for all this. The design of the car was drawn by Mr. Henry, and its construction cost \$30,000.

The company gave a grand parade yesterday and made a more handsome appearance than any company that ever appeared in Raleigh. The music made by the large band was generally pronounced splendid—and it was.

The company gave a performance in Metropolitan opera house last night. Something of the company's excellence had been learned here, and when the curtain rose there was exposed a brilliant scene. The costumes of the members of the troupe were gorgeous, but very elegant and tasty, and the settings and fittings of the stage were beautified by the Henry's own special equipment. This included over 1200 yards of rich looking silks, satins and velvets. The scene was resplendent, and one of the largest gatherings that has been in the hall for a long time saw it, appreciated and applauded it.

The general performance was as much as could be demanded. The singing was by good vocalists. The jokes were chaste and new and funny. Sergeant Cumming's drill was a pleasant feature of the evening. The transformation vampire clog and the great transformation table and in fact everything was new and good.

The CHRONICLE cordially appreciates the man and men who present such entertainments, and when Mr. Henry comes this way again, he will find that the public appreciates him too.

BOSTON, MASS., Nov. 7.—A special to the Globe from Nashua, N. H., says there is no doubt that the Republicans will have a special session of the present legislature called for December. It is now Republican by 35 majority and the term of the members does not expire until January. They will then officially recognize the new census returns and will add the new members giving them a majority in the legislature.

DAVIDSON.

(Lexington Dispatch.)

Democrats have elected all County officers in Davidson except Treasurer. They have also elected one member (W. A. Beck) to the Legislature.

GREENE.

For the First Time It Elects Full Democratic Ticket.

(Kinston Free Press.)

Every Democratic candidate on the county ticket is elected by majorities ranging from 269 to 275. Mewborne and Galloway received majorities of between 275 and 300.

Dr. Galloway is elected to the Senate by a majority of about 916—641 from Lenoir and 275 from Greene. Lenoir and Greene counties send three good Democrats to the legislature to help return Vance to the U. S. Senate.

HALIFAX.

The People Resist the Presence of Dr. J. J. Mott and Roll up a Big Democratic Majority.

(Weldon News.)

The election in Halifax county on Tuesday was phenomenal in its results. The Democratic county and Legislative tickets were elected by handsome majorities which were the effect of a spirit of reform which had taken possession of both races and which governed them in voting. One cause of the sweeping victory was the effort of the Alliance movement with which the Democrats were heartily in accord. By refusing it the Republicans lost one of the most profitable offices in the country, that of register of deeds. A large majority of the Republicans in the county favored the movement and carried out the spirit of it. They thought and acted for themselves as free people should. The election was quiet at every precinct in the county so far as heard from. At this place a full vote was not polled. Dr. J. J. Mott, the grand mogul of the Republican party came down Monday afternoon and remained until Tuesday night. During the day he visited the polling place and was invited in. He remained most of the day. When the polls were closed he was invited by the poll holders to witness the count, but declined. It is to be regretted that he was not present that he might learn that the colored people are no longer infants to be controlled but have attained to manhood and are self-reliant and act for themselves. They resented Dr. Mott's presence, believing he came for the purpose of driving them like sheep, and they swelled the Democratic majority by way of protest. Dr. Mott is cordially invited to attend the next election here and by his presence increase the chances of Democratic success as he did last Tuesday. We will always welcome his able assistance. When the good people of Weldon of both races get together they can manage their affairs to suit themselves without outside help and resent such unasked interference. This is a hopeful sign. The white vote of this township was the largest ever cast here, many men coming out and voting who had not been to the polls in six years.

TARIFF MCKINLEY PUT OUT.

The latest returns from Ohio verify the reports that McKinley has been repudiated by his constituency. Maj. McKinley himself now concedes his defeat.

A TOWN BURNED UP.

Not a House Left Standing—400 People Homeless.

(By United Press.)

PETERSBURG, IND., Nov. 7.—A terrible conflagration occurred at Winslow of Pike county, this State, this morning. The whole town has been wiped out of existence. The houses were all frame structures and the fire spread with such rapidity that all the efforts of the people to extinguish it proved unavailing. Not a house is left standing, and 400 people are left homeless. There is no fire department, and no provision was made for the sudden coming of such a calamity. How the fire originated has not yet been ascertained, but it is supposed to have been caused by a defective flue. Several of the houses were close together, and once the fire had made some headway, it was impossible to stop it. There will be much suffering among homeless people.

## THE SIDEWALK QUESTION.

Matters that Ought Next to Have the Attention of Raleigh People.

(Special Cor. State Chronicle.)

And now that the fair, election and circus are all over, the good people of Raleigh can settle down to the important task of pushing forward the material prosperity of the city. A few things have been very clearly demonstrated:

Raleigh's great need of a first-class railroad depot; a new hotel to accommodate the many people who come to our city, and side-walks that will not be spoiled by a heavy rain. It is with great satisfaction that our people receive the news of the plans and purposes of the railroad officials respecting the new depot. It is also cheering to know that the hotel question is being considered in good earnest, and that at an early day a hotel in every respect worthy of the State's capital will adorn our city. Now what about the third and in many respects the most important of Raleigh's needs—good sidewalks all over the city? The mayor has shown his good judgment and desire for Raleigh's prosperity by a most excellent recommendation. Let him be heartily sustained by the aldermen, and in the days to come it will be looked upon with pride and delight by all our people. Let Raleigh advance to the front and show what can be done for convenience and beauty in a perfect system of sidewalks. CITIZEN.
